

## **SOUTH CAROLINA REAL TIME NETWORK AGREEMENT**

### **Subscription Account**

This South Carolina Real Time Network Agreement (the "Agreement") is made and entered into by \_\_\_\_\_ [individual, public sector entity representative or company representative], representing \_\_\_\_\_ [company, public sector entity, or "self"], herein referred to as (the "Subscriber") and the South Carolina Geodetic Survey (SCGS) herein referred to as (the "Provider"), acting by and through The South Carolina Revenue and Fiscal Affairs Office. The Subscriber and the Provider are sometimes referred to individually as the "Party" and collectively as the "Parties."

#### **1 RECITALS**

- A. Using data from the satellites owned by the United States of America, global positioning system ("GPS") and Russia, global navigation satellite system ("GLONASS"), the complete global navigation satellite system ("GNSS") can provide efficient methods for surveying and mapping activities related to utility, transportation and other public capital improvement projects. The speed and accuracy of such technology can be enhanced by linking GNSS continuously operating reference stations ("CORS") to a central processing center ("CPC") in a real-time GNSS network ("South Carolina Real Time Network" or "SCRTN"). Each CORS will transmit via the Internet GNSS satellite data to the CPC for processing, distribution of real-time positioning corrections to members of the SCRTN and other authorized users, archiving and posting on a web page application.
- B. The SCRTN was created through a cooperative agreement between the SCGS and the SC Department of Transportation (SCDOT) that will operate CORS within the State of South Carolina. The SCRTN eliminates duplication of equipment, software and operational expenditures, while providing greater coverage and accuracy of real time positioning solutions and data from each CORS. Users of the network services with access accounts under agreement with the Provider for an annual fee are known as "Subscribers".
- C. Each party has determined that cost savings and other public benefits can be achieved if the applying above named party becomes a subscriber of the SCRTN NOW, THEREFORE, in consideration of the mutual promises contained herein, the parties agree as follows:
